

## AUSTRIA GUILTY OF PLANNING THE CLOSING OF AMERICAN FABRIQUES

WASHINGTON, Sept. 8.—President Wilson smashed another precedent today. He personally called at the office of Secretary of State Lansing and patiently conferred with him. It is believed that the topic was Austrian Ambassador Dumba's explanation of an alleged attempt to cause strikes in American munition plants.

Ambassador Dumba had informed Secretary of State Lansing last night that in planning to call out Austro-Hungarian workers in ammunition plants in this country he acted in accordance with the express wish of his government.

This statement, made with the utmost frankness, is understood to have surprised Secretary Lansing to such an extent that he immediately terminated the conference so that he could lay the entire incident before the President without delay.

Dr. Dumba contended that he was entirely within his rights in advising his fellow countrymen here that they should not make ammunition for the allies. When the ambassador said, however, that his activities along this line were with the consent of his government, the issue became one of the utmost gravity between the United States and Austria and not a question that merely concerned the personal activities of the ambassador.

### NO REGRET IS EXPRESSED BY DUMBA

It is stated with authority that Secretary Lansing informed the ambassador that the decision of this government regarding the unprecedented situation "would be announced within a few days."

At no time during the conference did the ambassador express any regret for the letter found on James F. Archibald.

Dr. Dumba's attitude after the conference was one of indifference as to his personal fate. When pressed for information he said impatiently:

"It is my duty to inform my countrymen when they are doing wrong. They are doing wrong in making ammunition for our enemies. I am not a neutral; I am an Austrian and the allies are our enemies. If I cannot advise my countrymen I might as well not be here."

When Dr. Dumba reached the State Department it was the general impression in official quarters that he intended to offer a personal explanation of his plans for fomenting a walk-out of the thousands of Austro-Hungarian laborers.

### INCIDENT CAN'T BE PASSED OVER NOW

It will, it is believed, be extremely difficult for the administration to pass over the incident, regardless of the dictates of "policy."

### WILSON LOOKING FOR MORE DATA

WASHINGTON, Sept. 8.—It is officially admitted that the state department is seeking further information concerning Austrian Ambassador Dumba's activities in connection with a plan to cause strikes in American munition plants. The administration has asked Dumba to submit further data.

## NOVEMBER ROAD RACE TO BE GIVEN UP

RIVERSIDE, Sept. 8.—The Corona road race plans for November 20 have been abandoned on account of the inability of some of the famous speed kings to participate in the races. Efforts will be made, however, by the Corona Racing Association to secure the Grand Prize and Vanderbilt Cup races for February 20 and 22.

### COULD NOT IDENTIFY SUPPOSED HOLD-UP

CHICAGO, Sept. 8.—Mrs. J. Ogden Armour, who was robbed by porch climbers on Monday, today looked into the eyes of Melville Reeves, an alleged society burglar, and declared him to be not the man who robbed her house. She said she positively could identify the holdup by his eyes.

### ECCENTRIC WOMAN'S WILL IS VALID

NEW YORK, Sept. 8.—Testimony that the testatrix bathed on her back porch and chased dogs and fowls while wearing little clothing failed to convince Surrogate Nicoll that Mrs. Frances C. Whitman, of Central Islip, was of unsound mind when she made her will. Thomas C. Smith, a son, sought to contest the instrument.

## ARTHUR ROLFE CLOSE TO DEATH IN FRONT OF CAR ROLLS TO SAFETY

S. P. Gasoline Motor Bearing Down on Him, Gives Him Close Shave

To the fact that he a good rough-and-tumble scrapper, Arthur Rolfe, of the Smoke House, owes his life or an escape from maiming. This morning he fell from a bicycle in front of the Southern Pacific gasoline motor, and it took the fastest bit of rolling and crawling that a man ever did to get off the tracks before the motor car pounded past.

Rolfe was riding a bicycle on North Main street near the S. P. crossing. On his handle-bars a suit case was balanced. Rolfe was holding to the side of an automobile with one hand and was making excellent progress until the tracks were reached. The noise of the approaching gasoline motor reached Rolfe's ears, but he thought it came from another automobile, so that when the machine suddenly stopped, Rolfe on his bicycle went ahead.

Suddenly the gasoline motor loomed up. It looked as big as the Spurgeon block. Rolfe tried his best to stop his bicycle, but with the suit case aboard, all he did was to smear himself, his bicycle and his suit case all over the pavement between the steam road tracks in a determined effort to rent a hole big enough to crawl into.

It was an instant's experience. The gasoline motor car that had looked as big as the Spurgeon block increased in bulk to twice the size of the court house. Rolfe rolled for his life. He struck the ground rolling, and he did not stop for instructions from any moving picture director to tell him to keep on rolling. He tangled up with bicycle and suit case, and he rolled with them attached to various parts of his anatomy.

Suddenly he sat up and wondered that he was still alive. The gasoline motor had passed him. Its size dropped down to natural proportions. Bicycle and suit case came through the tumble in fine shape. The wheels that had barely missed Rolfe also went by without touching the paraphernalia that accompanied Rolfe on his journey across that long journey from rail to rail.

Rolfe, however, did not get off without injury. While he suffered several bruises and minor cuts, his most severe injury was a gash on one knee that required stitching to close.

## ALLEGED WOMAN POISONER HAS CHILD

NEW YORK, Sept. 8.—Mrs. Ida Sniffen-Walters, the alleged poisoner of two of her own children while she was the "love wife" of Lorley Elton Rogers, today gave birth to a daughter. Rogers married her about a month ago to give her babe his name, and while the woman could live respectably. Since then she has remained in seclusion. The birth of this child is expected to have a material bearing on the murder charges against her. It is predicted she can never get a trial on account of the difficulty of securing a verdict of guilty.

### GREAT GOLD YIELD IN CALIFORNIA

SAN FRANCISCO, Sept. 8.—Charles G. Yale of the United States Geological Survey, has announced that California's gold yield last year was \$20,653,496. This is an increase of \$246,538 over 1913. Excepting the year 1883, the mine gold output for the state during 1914 was higher than for fifty years.

### SUBWAY EXPLOSION STARTLES NEW YORK

NEW YORK, Sept. 8.—An explosion in the new subway near the building where \$8,000,000 of English gold are stored threw the fifty armed guards into a fever of excitement. They thought an attempt was being made to rob the vaults. The gold was removed to J. P. Morgan's vaults. It was hauled through the streets by automobile trucks.

## STEAMERS COLLIDE IN LONG ISLAND SOUND

STONINGTON, Mass., Sept. 8.—The steamer J. T. Morse was badly damaged in a collision with the steamer Pemaquid, in a heavy fog off Turk Island today. The Morse was beached. There were two hundred passengers and all were safely landed. The Pemaquid was undamaged.

## UNITED STATES TROOPS GUARD AND PATROL MEXICAN BORDER

BROWNSVILLE, Tex., Sept. 8.—It was announced here last night that Major General Frederick Funston of the Southern Department is to issue orders placing practically the entire Rio Grande county in the hands of the United States army. It is understood that the army will devote its forces permanently to guard the border, leaving the policing work in the interior, except when special troops are needed, to state and county officers.

### MEXICAN PLOT LAID BARE

BROWNSVILLE, Sept. 8.—More evidence of a widespread conspiracy among Mexicans on both sides of the boundary to overthrow American authority in the border country has been turned up by the authorities here. A circular letter was found, which antedated by three months the plan of the San Diego revolution plot.

This circular was dated October 1, 1914. It was sent by a Mexican resident on a ranch near Brownsville to Mexicans on both sides of the border, appealing to them to "rise in favor of Carranza and of independence, because at the rate we are going here we soon will be living as slaves of the Americans."

The letter promised those answering the call "money and offices provided they still live at the end of the battles."

The authorities did not make public the names of the Mexicans appearing on these circulars, believing that by keeping the identities secret they will have an opportunity to capture some of the signers.

### CALIFORNIA LETTERS AGAIN

It also was learned yesterday that more letters from California have been found among the effects of Mexican houses which have been searched for many miles inside the American border. These letters indicated that organized plans have been afoot for probably more than a year. More buttons bearing a red flag inscribed "Land and Liberty" also have been found.

Yesterday passed, however, without reports of outbreaks. Deputy sheriffs and Mexicans fought across the Rio Grande for a few minutes late yesterday near Mission, Texas. Apparently some of the Mexicans were hit.

Y. Baker, sheriff of Hidalgo county, with some of his deputies, was watching a suspected point on the Mexican side. While his men were under cover Baker stepped out upon a sand flat, drawing an immediate fire from the bushes on the Mexican bank. A little more than a hundred yards away, Baker threw himself back into the bushes, and the Mexicans seemed to think he was hit.

### UNUSUAL INFUX OF MEXICANS

After he seemed to fall, men on the opposite bank jumped up shouting excitedly. Thereupon Baker's men opened fire.

An unusual influx of Mexicans from Matamoros to the American side here last Saturday when the fighting across the international line at Cavazos crossing was at its height, it was learned yesterday, still puzzles some of the authorities. About 500 Mexicans came to Brownsville that day against the normal influx of 300 per day. While many of these Mexicans returned to the other side, not all have been accounted for.

### FIGHTING RENEWED IN SUBURBS OF CAPITAL

WASHINGTON, Sept. 8.—The State Department received information yesterday that fighting has begun again in the suburbs of Mexico City, the Zapatista forces having renewed their attacks.

Apparently all is quiet within the city proper. It is also stated that since General Gonzales occupied the city 150 Americans have left there and that seventy-five of these are in disquieting circumstances.

Other dispatches to the State Department confirm the press reports of the derailment of two trains on the Mexican railway.

It was admitted yesterday at the State Department that the members of the Pan-American conference will reassemble Friday.

### VILLA EVACUATES TOWN

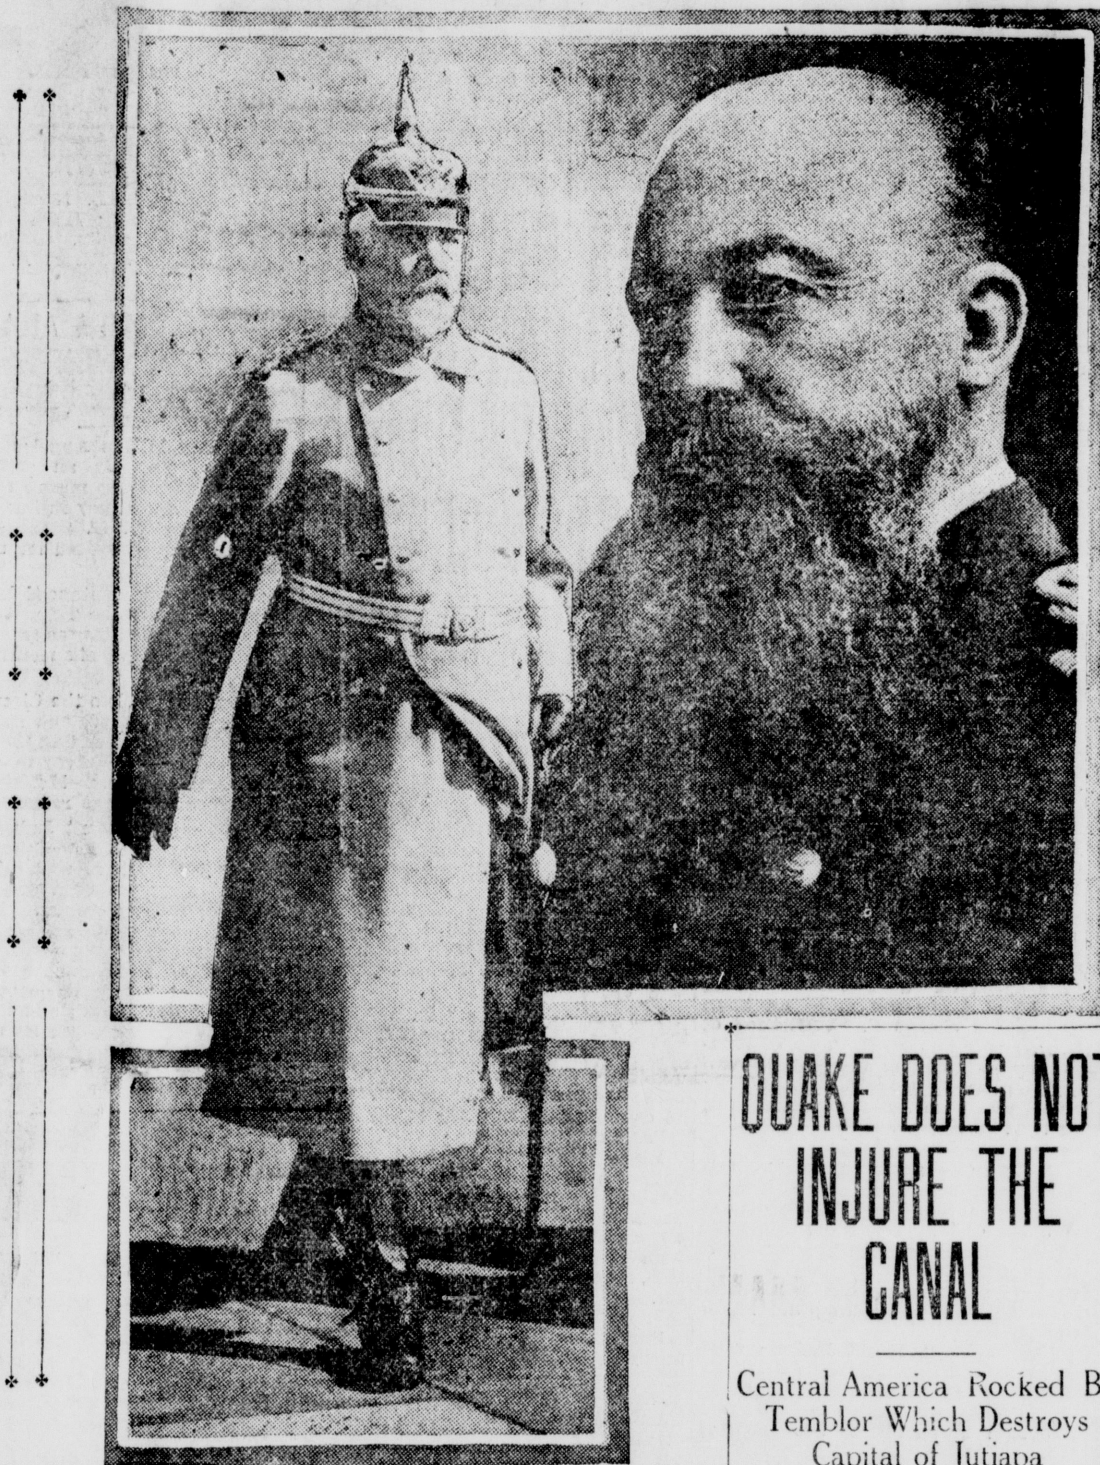

EAGLE PASS, Tex., Sept. 8.—Twelve hundred Carranza troops, under General Benjamin Garza, have occupied Piedras Negras, the Mexican town opposite here. Villa forces evacuated the place and fled to surrounding hills.

There was little excitement attendant upon the evacuation and few Mexican refugees crossed to the Texas side. This is the fifth time Piedras Negras has changed hands since 1913. The changes always have been made without a fight.

### THIEVES COOK MEAL; DEPART WITH JEWELS

While J. E. Campbell and his family were away from their home on North Cypress avenue, Orange, this morning, thieves broke into the house, and after cooking a meal, departed with a watch, several bracelets and a quantity of provisions. The burglars left no clew.

CHANCELLOR VON BETHMANN-HOLLWEG, (on the left) chancellor of the German Empire, has proved the victor in the intense factional fight with Grand Admiral von Tirpitz, (on the left) in command of the German navy, over the submarine policy, with the result that Germany has virtually apologized to the United States for the sinking of the Lusitania and the Arabic. The chancellor and the author of the policy of "Frightfulness" met the kaiser on the eastern battle front the other day, and fought out the question. The result has been what President Wilson hoped for. The German policy which caused the sinking of the Lusitania and the Arabic, for the continuation of which von Tirpitz has struggled, has been abandoned. Such is the tenor of the note delivered by Ambassador von Bernstorff to Secretary of State Lansing.

## QUAKE DOES NOT INJURE THE CANAL

Central America Rocked By  
Tembor Which Destroys  
Capital of Jutiapa

WASHINGTON, Sept. 8.—The War Department is in receipt of advices from Central America that the earthquake last night did not injure the Panama Canal. The recently reported canal slides were merely normal movements.

Town Ruined by Temblor  
LA LIBERTAD, Salvador, Sept. 8.—A strong earthquake has occurred in San Salvador and Guatemala, Jutiapa, capital of the department of the same name in Guatemala, has been ruined. In the city of San Salvador no victims have been reported. In Santa Ana there were few casualties.

The churches in Santa Ana, Sonzonate and other villages of the republic are in ruins.

Jutiapa lies forty-five miles southeast of Guatemala City and is the center of the cattle and coffee trade of the district. The last available records give Jutiapa a population of about 12,000.

## NATIONS TO ARM STILL MORE HEAVILY

PARIS, Sept. 8.—King Alfonso of Spain, when interviewed today as to his views on the struggle, declared his belief that the war will cause all nations, instead of disarming, to arm all the more heavily. He regretted that the war had necessitated the postponement of his proposed American visit to San Francisco and San Diego.

### MOURNING AVIATORS CHASED AWAY

PARIS, Sept. 8.—German taubes today crossed the French lines, near Nancy and dropped wreaths and messages of condolence to the family of Captain Equant De Latouche, the noted French aviator killed by three German aviators last Monday. French aviators arose and pursued the Germans, but the latter escaped. One hundred French aviators marched in the Latouche funeral. The body was carried on the chassis of a dismantled aeroplane. French aviators today hurled sixty bombs on the German air camps at Medard and Dieuse. The British made an air raid on Ostend. The Germans made an air raid on Nancy and the Chateau Malzeville.

## RUSSIAN ARMIES HAVE STRENGTH RENEWED; IS NOW TAKING OFFENSIVE

PETROGRAD, Sept. 8.—Russian artillery fire has checked the German advance in the Riga region. The Slavs have admittedly retired across the Galician frontier at East Brody, the southern extremity of the battle front. They are holding their own ground firmly in the crucial northern engagement. In East Grodno the Slav center is bending inward. All their retirement has been along prearranged plans.

In the northwest, beyond Friedrichstadt, the Germans have vainly attempted to pontoon the Dvina river. Russian shells smashed the pontoons as soon as they were floated.

The czar plans other changes as the result of the Slav retreat from Warsaw and intends to personally reorganize the important government departments. With the announcement of the Grand Duke's transfer, a letter from Czar Nicholas to the deposed commander has been published. The czar thanked the Duke for his services and expressed regret that his "ill health" caused his removal elsewhere. The transfer is taken as a confirmation of the czar's displeasure at the Russian defeats.

### GERMAN ATTACK TEMPORARILY LETS UP

The general lull confirms the opinion that the German offensive for the moment at any rate has spent its force. However, the feeling of the Russian army has changed. At the beginning of the long retreat the soldiers were unwilling to retire, especially as the greater number of retreats were caused by pressure far away which the soldiers neither felt nor understood. Then the soldiers became accustomed to the retreat and began to look upon their retirement as the inevitable.

Now there is a great change in spirit. Sufficient ammunition has enabled them once more to fight on equal terms, and the whole army is fired by the belief that the retirement is coming to the end.

### VON TIRPITZ WILL NOT RESIGN

BERLIN, Sept. 8.—Grand Admiral von Tirpitz will not resign. Official denial has been made of the rumors of friction between von Tirpitz and other leaders over the submerging of the Arabic. Von Tirpitz is said to be simply having a vacation.

### SEA SHARK WHICH SANK ARABIC IS SAFE

AMSTERDAM, Sept. 8.—A Berlin dispatch says that the submarine which sank the Arabic has returned to its base. The commander reported that he torpedoed the Arabic to escape a possible attack. It was at first reported that the British had sunk the submarine responsible for the Arabic.

### ELLERMAN LINER IS TORPEDOED

LONDON, Sept. 8.—The Germans have submarined the Ellerman liner Duoro. The crew was rescued.

### CZAR TAKES SUPREME COMMAND OF ARMIES

PETROGRAD, Sept. 8.—It is officially announced that Grand Duke Nicholas has been superseded in the command of the Slav armies by the czar. Nicholas has been appointed viceroy to the Caucasus.

### COMMANDER OF SUBMARINE CLAIMS SELF DEFENSE

BERLIN, Sept. 8.—Germany's Arabic note was handed to Ambassador Gerard last night. It is withheld from publication, but it is understood that it contains the substance of the report of the submarine commander. This report held that the submarine torpedoed the liner in self defense.

### ZEPPELINS PARTICIPATE IN AIR RAID

AMSTERDAM, Sept. 8.—Four Zeppelins, it is believed, participated in last night's air raid on the English east coast and outlying shores. The Dutch garrisons fired on the Zeppelins which were heading in a southwesterly direction, fearing the dirigibles intended to violate the Dutch neutrality. Three others were sighted over Dordrecht.

### TEN KILLED IN AIR RAID IN LONDON

LONDON, Sept. 8.—Ten were killed in last night's Zeppelin raid, it is officially announced. Three others are missing. It is believed these are buried in the debris. Following the usual policy the location of the attacked territory was not announced.

WASHINGTON, Sept. 8.—The state department is making efforts to ascertain the truth of the London report that an American named Wolff had perished in the Hesperian disaster. The rumor has not been officially confirmed.

When in need of furniture, rugs, etc., it will pay to see Chandler's, 510-516 North Main St.

### OUT OF SEASON QUAIL HUNTING GETS HUNTER IN TROUBLE

### Warrant Issued on a Charge Brought By Thelan Against Arch Beach Man

When Percy Thelan searched a hunting coat worn by B. Ibbetson on Monday of this week Thelan found two quail hidden there.

Upon this report given this morning to District Attorney West, a warrant was issued for Ibbetson's arrest. Thelan stated that for some time he had suspected that Ibbetson and his brother, who have been spending some time at Arch Beach, have been killing quail out of season. He also was of the opinion that they had killed doves before the season opened on Sept. 1, but his attempts to catch them hunting doves was without success.

Monday he went on to a hill near Arch Beach, and there remained until the Ibbetson brothers came up to him. Thelan searched the coats worn by the men, and says that he found two quail in B. Ibbetson's possession. H. Ibbetson, the brother, had no license, and it is Thelan's intention to swear to a complaint against him upon that score.

"There has been too much out-of-season hunting down toward Laguna Beach and Arch Beach," said Thelan today, "and I for one am going to do my best to stop it. It comes largely from people who do not live in that section. These outsiders come in, take all the easy hunting and by the time the season opens there is nothing left for those of us who like to hunt but who also want to obey the law. The Ibbetson brothers live in Los Angeles. I got them the day that they were to leave for home."

### Bootleg Mike Caught

around El Toro. For quite a while he used a bony sorrel horse as the wherewithal of drawing an old buggy in which he carried bottled goods. Recently death bereft him of the horse, and since that time Mike has had more trouble in reaching his customers. His misfortunes have now been added to by arrest. Deputy Gunnett made one purchase of liquor from him. The officers found him yesterday in a small tent. Mike was evidently overcome by the fumes of his stock in trade, for he was in a sound stupor from which he was aroused with difficulty. Sixteen bottles of beer were seized by the officers.

### Felony Charge

Hope Ray has sworn to a complaint charging John Ray with wife abandonment. The offense alleged is a felony.

### Speeders' Day

Today was traffic smashing day before Justice Cox. Motorcoops Davenport and Ballard brought in twenty complaints, most of them for speeding, and the justice gathered in the coin at the usual rates. Speeding complaints were against R. H. Dougherty, G. R. McGee, C. Colt, E. W. Johnson, J. Rayburn, Claude Brown and E. L. Paine, all of Los Angeles; A. F. Holmes, Chicago; P. E. Mansfield, Colton; M. L. Ross and E. B. Covington, Santa Ana; Ben Yorba, Yorba; E. Holcomb, Ventura; J. W. Rea, San Juan Capistrano; A. Rate, Tulare; H. L. Shaffer and C. W. Galloway, Tustin, the latter's speed on a motorbike being caught at fifty-seven miles an hour. Complaints charge P. H. Hickson of Los Angeles and M. R. Poyta of Pasadena with traveling at night by auto without having proper lights on their autos, and Jose Parsa of Santa Ana, no light on bicycle.

### Teran Again

F. Teran is again in trouble, this time because he was angry at a Mexican woman who had told the officers who shot him. Teran did not mind having a bullet planted in his ribs. It was not the first time he had lead put under his skin. He did mind being bothered with prosecuting the fellow who shot him.

This morning Sheriff Jackson went to Delhi and got Teran. It was reported to the sheriff that Teran was threatening to kill a woman who told who shot Teran about two months ago.

Several years ago Teran was shot in the back by his stepson, who fired at him with a shotgun at close range.

### WOODMEN OF WORLD OCCUPY NEW HALL

Santa Ana Camp, Woodmen of the World, last night for the first time occupied G. A. R. hall where they have been meeting in Moose hall, but came to the conclusion that a smaller hall would be large enough, as but an inconsiderable percentage of the members cared to go to lodge meetings, for one reason or another. This is the usual thing in fraternal insurance societies, which really are not as much for sociability as for business and the protection of the members. The latter is gained in great measure by a membership in the Woodmen of the World.

Clerk W. Gordon Gould had sent out postal cards, notifying the members that last night would be the first meeting in the new hall, and in consequence there was a very large attendance, enough to prove that if the members had turned out to meetings heretofore the old hall would have been none too large.

District Manager J. G. Kennedy was present at the meeting. He made an excellent address under "Social Entertainment." He will work in Santa Ana during September and part of October. He has many prospects, and will have some large classes to initiate.

It is the intention of the Camp to give one of the entertainments for which it is famous in the near future. In the meantime all those members who can possibly be at the hall Thursday evening, after 5:30, should do so, as at that time it is the intention of the committee on entertainment to erect the stage in the new hall.

The ladies of the Grand Army are anxious to have the stage put up as their season for entertaining is at hand.

One member was admitted last night.

## BOARD OF SUPERVISORS

### LETS CONTRACT FOR SANTA ANA CANYON ROAD \$14,689.80

### Pavement on Irvine Boulevard to Be Continued One-half Mile Further East

This morning the Board of Supervisors let a contract to Oscar Ford of Riverside for paving the Santa Ana canyon road from Olive to Peralta. The Riverside man, who is mayor of the city in which he lives, bid \$14,689.80. Less than \$225 separated him and the next lowest bidder, Max L. Huberman, whose figure was \$14,907.20. The third from the lowest was Brashers, Burns Company, which firm bid \$14,940.10.

The paving is to be done under the inspection of the county surveyor's office. This road was graded by the County Highway Commission. It is believed that the pavement will not be continued all the way to the county line this year.

Eight bids were received for the canyon paving this morning. Deputy County Surveyor Hoy, who is in charge of the office while County Surveyor McBride is in San Francisco with Company L, of which he is captain, reported Ford's bid to be the lowest.

### Add a Half-mile

Supervisor Leck has made arrangements for the paving of another half-mile on Irvine boulevard. Under the contract already let for paving around Tustin three-fourths of a mile, commencing at Newport road, will be paved. Another half-mile will take the pavement to the east corner of the Browning place, on the boulevard. The county will pay two-thirds of the cost, the Tustin Road District one-third. Bids are to be received at 2 p. m., September 21.

### Edison Gets It

The Edison Company was the only bidder for furnishing juice to the Buena Park Lighting District. It bid \$1.25 per 32-candlepower tungsten lamp per month, and the bid was accepted by the county board.

While J. P. Smith goes to the San Francisco exposition, his place as county representative at the San Diego fair will be taken by J. C. Metzgar.

### Boyd Low Bidder

Three bids were received for building an ornamental drinking fountain at the County Park. The contract went to the low bidder. The bids were: A. M. Boyd, \$575; Simon Fluor, \$610.50; C. M. Jordan, \$641.

September 21 was set as the time for receiving bids for \$5000 bonds of the Ocean View School District.

The petition of Luther Hill to put a pipeline across Red Hill avenue was granted.

### Leck Is Named

On the request of parties in San Francisco interested in making parts of the exposition permanent, the Board of Supervisors appointed Supervisor Leck as a committee to represent this county at a meeting to be held soon to consider plans for carrying out the project.

### Report Accepted

The report of W. S. Gregg, county expert, was accepted and filed. Gregg has completed his examination of the books of the county. He reported a few minor errors, which have been corrected.

### Feed on Carcasses

On the request of the district attorney an ordinance was passed making it unlawful for the carcasses of animals to be fed to hogs, chickens or other animals, excepting that animals slaughtered in the usual course of the meat business can be sold to human beings and meat that has been offered for sale to human beings and condemned can be fed to animals.

### Fumigators' Licenses

Licenses as fumigators were issued to Harry A. and S. L. Coffman, Anaheim; H. W. Clark, Fullerton; A. H.

Davis, La Habra; Paul Boy, Orange; J. R. Johnson, S. L. Nichols, Floyd Hadley, El Modena; Hugh De Berry, Anaheim; G. A. Beltz, Santa Ana; Paul Schelling, Whittier; A. Laswell, Orange.

### FORMER SANTA ANA ATTORNEY SENTENCED TO PAY \$2500 FINE

Yesterday in Los Angeles Chas. S. McKelvey, formerly an attorney of Santa Ana and for more than ten years past an attorney in Los Angeles, and Attorney W. H. Stevens of Los Angeles, were sentenced for using the mails to defraud.

McKelvey was sentenced by United States District Judge Trippet to pay a fine of \$2500 and Stevens to pay a fine of \$2500 and serve six months in the county jail.

Notice of appeal to the Circuit Court of Appeals was filed, and the defendants held in bond pending the decision on the appeal—McKelvey in \$5000 and Stevens in \$5000. McKelvey furnished bond and was released.

In passing judgment Judge Trippet said there was evidence showing the guilt of McKelvey in that he assisted in the preparation of a complaint in behalf of a lewd woman when he should have known as an attorney that there could be no true cause of action stated when such a woman is involved; that there is no such thing as assault by consent, and that when McKelvey learned what Stevens was doing he should either have withdrawn from the case or kicked Stevens out of his office.

### TWO RIVERSIDE MEN HURT IN COLLISION WITH FULLERTON AUTO

Riverside Press, Sept. 6: Two Riverside men were severely injured and their motorcycle badly smashed in an automobile and motorcycle collision which occurred at 9 o'clock yesterday (Sunday) morning eight miles from Whittier on the road to Huntington Beach. Thomas A. Kise and E. V. Barker left Riverside on a motorcycle to visit the family of Mr. Kise at the beach. Without sufficient warning to avoid an accident, an auto, driven by E. B. Dixon of Fullerton came unexpectedly out of an orange grove and with no chance to turn out of the way, the motorcycle struck the machine. The occupants of the car were not hurt, but Mr. Kise and Mr. Barker were thrown from their motorcycle with great violence, both receiving bad cuts about the head and severe internal injuries, as a result of which they will both be confined to their homes for several weeks. The injured men were carried by Mr. Dixon to the office of Dr. Stokes in Whittier, where their injuries were treated.

The participants in the accident feel that the blame for the affair cannot be placed on either driver of the auto or motorcycle, and are very grateful that the injuries received are not more serious.

### WASHINGTON WIG WAGS UP TO DATE

BY GEORGE A. MARTIN

Residents in the vicinity of Stratford Shoal, New York, probably will not be pleased to learn that the government has just spent \$6000 making the fog-horn at that point much louder.

The Commerce Department says the Temple of Agriculture grounds at Pekin, China, are being transformed into "a beautiful park with tennis courts and lily ponds." The ponds are for the balls to go into.

## AT THE COURTHOUSE

### TO HOLD STOCK TILL PASTURE BILL PAID

### Judge Thomas Hearing Points At Issue In Horses-Cows-Burro Case

With one side demanding possession of two horses, two cows and one burro, age not stated, and the other side declaring for \$120 pasturage, Judge Thomas today took evidence in the action brought by Emma K. J. Copeland against H. McMillen.

Judgment rendered by Judge Thomas was in favor of McMillen, by which McMillen may continue to hold stock for payment of the pasturage bill. The stock was pastured on McMillen's ranch in the Trabuco.

The plaintiff declares that the defendant unlawfully withheld from her possession five head of stock. The court is asked to give judgment decreeing that the plaintiff have possession of the animals of be paid \$1270. For damages \$340 and for exemplary damages \$1000 are demanded. Attorneys Hutton, Jensen & Fogel of Los Angeles, represent the plaintiff.

Attorney B. E. Tarver replies to the complaint in a declaration that the stock has been in McMillen's pasture since last February and that a \$120 bill for pasturage has not been paid. It is also declared that McMillen does not hold the stock unlawfully. In other words, if the pasturage bill is paid, the plaintiff can have the stock.

Aaron H. Thomas, 73, and Hannah M. Stewart, 69, both of Huntington Beach.

### Suit Over Pay

In order to back up demands for pay for work and materials put into the concrete bridge across the Santa Ana river between Olive and Anaheim before the original contractors, Trounce & Stocker, threw up the job, suit has been brought by E. G. Stinson, representing himself and others whose demands total \$2215.54, against the Chicago Bonding & Surety Company. The bonding company took over the contract and had the bridge completed by another company, but it has balked on paying the claims against the original contractor. However, Attorneys Williams & Rutan, who represent Stinson and other claimants, and Attorneys S. M. Davis, who represents another group of claimants, are going to court to hold the rights of their clients in money that the Board of Supervisors has withheld to meet the claims.

## AUTOMOBILE AND CAR IN CRASH ON N. MAIN

When W. O. Shanks, proprietor of the Santa Ana Dye Works, 219 West Fourth street, turned off West Seventeenth street onto Main and had proceeded north for a distance of about twenty feet the rear of his automobile was struck by a Pacific Electric Triangle Trolley car, shortly after 11 o'clock this morning. Shanks' automobile was shunted ahead of the trolley car for a distance of fifteen or twenty feet when the driver succeeded in steering it to one side. The right front wheel of the automobile was completely demolished, both axles sprung and the rear right door smashed. Otherwise the car was not damaged. The auto was not overturned.

Shanks states that he is unable to account for the accident.

"All I know is that I had turned to go north on Main from West Seventeenth and that after I had gone for about twenty feet on Main I was struck from the rear by the trolley car," said Shanks.

When asked where he laid the blame, Shanks stated that he blamed no one.

## 'DOUBLE TROUBLE' POLITICAL PARADE IS HELD ON SANTA ANA STREETS THIS MORNING

The much-heralded and long-awaited "political parade," part of the motion picture play "Double Trouble," which the Majestic-Reliance Company has been engaged in filming here for the past week, was staged on the streets of Santa Ana shortly after 11 o'clock this morning.

Headed by a squad of policemen and the Santa Ana Band, the parade wended its way from the corner of Fifth and Sycamore streets east to Main, thence south to First, thence west to Sycamore and thence north to the place of starting.

Automobiles containing a number of the characters of the play were in line back of the band, the first machine containing, among others, Douglas Fairbanks, the star of "Double Trouble."

Many Men in Line Following the automobiles, came about 200 men, bearing banners upon which were painted the words, "Vote for Eugene Brashfield, the People's Choice." Then came a small army of boys, also bearing banners, a large number of little girls, and more automobiles.

The progress of the parade as far as the city hall was caught by a camera, mounted on a large automobile and operated by William Fildew, camera man.

As the parade wended its way south on Main towards the city hall another camera, located atop the Cadillac garage at the corner of Second and Main streets and operated by Earl Rolles, assistant camera man, was extremely busy.

Busy Marshaling Forces Beginning at about 9:30 o'clock this morning Captain F. Du Chailu Dalton and a number of aides were "up to their necks" in the work of marshaling the forces for the parade.

The lobby of the Rossmore Hotel as well as the street in front of the hotel entrance presented an extremely lively appearance.

Several hundred small boys, dozens and dozens of little girls in their "Sunday best," and several score of men all eager to act in the movies, kept Director W. C. Cabanne and Captain Dalton on pins and needles answering questions and assigning the small army of people to their various posts.

The crowd increased in size upon the arrival of the Santa Ana Band, which was stationed at the corner of Fourth and Sycamore streets and directed to "get busy."

Director Cabanne Everywhere

Director Cabanne, always cool, never hurrying and invariably imperturbable no matter what unforeseen contingency arose, proved a marvel at the business of getting his forces mobilized. Speaking only a few direct words at the right time, Cabanne got more and quicker results than do many directors who "fly off the handle" on the slightest pretext.

Finally everything was in readiness, Cabanne climbed into the automobile that contained the camera, said "All right!" and the parade was under way. As the parade progressed Cabanne stood up in the automobile and by waving his arms kept the vanguard of his forces in line.

Parade Is Repeated Between 12 and 1 o'clock the parade was repeated, the head camera man shooting the parade as it passed by. The line was halted on Second street, near the Cadillac Garage, and a political speech was delivered by Fairbanks. That is, Fairbanks did not talking but went through the motions. The crowd which gathered around his automobile was told to "register" antagonism and this was done with a vim by the several hundred local movie actors.

Later Fairbanks delivered another "speech" on Third street, north of the city hall. This time the crowd was supposed to be in sympathy with what he said and the cheers and applause that greeted his remarks were hard to distinguish from the genuine.

This afternoon the company is at work taking scenes in various parts of the city.

## MOVIE NOTES

Director W. C. Cabanne said today that it is planned at present by the Majestic-Reliance Company to return to Santa Ana in about two weeks to film another picture.

"Double Trouble," according to Director Cabanne, will be shown at a local motion picture house in about two weeks for a try-out before the picture is taken to New York City. It is not yet known at what theater the picture will be shown.

When Douglas Fairbanks completes his work in "Double Trouble" he will go to New York to appear in a new play on the legitimate stage under the management of Cohan & Harris. Fairbanks says that he may appear in a film while he is rehearsing the new play.

Approximately \$750 was paid out today by the Majestic-Reliance Company to local people who aided in staging the political parade.

The publicity department of the company, headed by Bennie Zeidman, at the Griffith Studio, is doing some good booster work for Santa Ana. Writings of the city are appearing in numbers of the prominent theatrical publications of New York. The New York Telegraph and the Dramatic Mirror are among the magazines which are devoting space to Santa Ana.

Acting on advice given him by De Wolfe Hopper, the famous comedian who is now at the Griffith Studio under a year's contract, Douglas Fairbanks will not sever his connections with the legitimate stage entirely. Six months of the year he will devote to the movies and the other six months to the drama.

Director Cabanne continues to laud the people of Santa Ana for the courteous way in which they have treated him and his company during their stay here.

The company will complete its work in Santa Ana by tomorrow evening, it is announced today.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Sept. 8.—The members of Ruby Rebekah Lodge held a very pleasant meeting at the I. O. O. F. hall Monday evening. ## SPREAD OF DISEASE IS REAL REASON OF PEACE TALK

Typhus Fever and Cholera Will Kill More Than Shrapnell and Dum Dums

ROME, Sept. 8.—The reason why the Austro-Germans, despite their successes in the eastern theater of war, are now putting out feelers for peace is suggested by the impossibility of further hiding the truth, now officially announced, that cholera and typhus are raging in the central empires.

The epidemics assumed alarming proportions during the last twenty days, 7427 cases of cholera having been reported in Austria, 3295 of which were fatal. Cholera is widespread in Galicia and it is reported also that Trieste, Carinthia and Carniola are suspected.

Typhus cases numbering 1185 have been reported in Upper and Lower Austria between July 4 and August 14. Every effort has been made to hide the prevalence of the epidemics, especially in Germany, where, I am reliably informed, the mortality is truly alarming.

The measures adopted to combat the cholera have proved insufficient, isolation is impossible and contamination is spreading.

Reports have reached the Vatican that cholera and typhus threaten to reap more victims than the war. Denmark, Holland and Switzerland have agreed to close their frontiers unless the central empires officially admit the extent of the epidemics.

Enrollments are now active at the Orange County Business College.

## NEWPORT HARBOR

So far as his statements of fact and expression of personal opinion go, the Harbor Boosters can find but little fault with the address of James McFadden before the Orange County Taxpayers' League. Mr. McFadden is a man of more than average intelligence, a large taxpayer, and he has personal knowledge of the history of Newport Bay as a harbor. This, his personal opinion, is entitled to respectful consideration. However, Mr. McFadden's personal opinion is not conclusive as to the harbor possibilities of Newport Bay. And while the report of the committee appointed by the Taxpayers' League to investigate those possibilities may be of some value, THAT also will be inconclusive. As a matter of fact, in our judgment, it is going to be impossible to determine with certainty, in advance, just what the harbor possibilities of Newport Bay are. The best we can do is to get the best possible engineering report and rely upon that.

Mr. McFadden's address and the report to be made by the committee of the Taxpayers' League may, and probably will, serve a very good purpose—that of forcing the Harbor Boosters (of whom the Register is proud to be one) to furnish scientific data very strongly indicating the practicability of the proposed harbor improvements, thus affording the amplest possible protection against engineering error. In his address Mr. McFadden said: "There seems to be a well organized and persistent effort under full swing to deceive the citizens of Orange County, a great majority of whom know nothing about the merits of the case, and have no means of securing this knowledge."

In making this statement we think Mr. McFadden violated the ethics of public discussion. He has no more right to impute to the Harbor Boosters insincerity or improper motives than they have to charge him with a like offense. The Register believes that both the Harbor Boosters and Mr. McFadden are entirely sincere, and hopes to see the controversy conducted along lines of enlightenment and open-mindedness rather than with crimination and recrimination.

If the harbor proposition is not practicable we want to find it out before we waste any money on it. If it is practicable we certainly don't want to permit it to be killed by unreliable engineering reports or erroneous personal opinion.

## EDUCATING THE FARMER

What is called the "Farm Bureau Movement" is now spreading all over the country. Agricultural experts, scientifically trained, are engaged to offer advice and make experiments for the farmers of a county or other area of territory. This work is accomplishing a great deal of good. Yet it is a very big proposition for one or two men to attempt to revolutionize the farm methods of any one locality. A practical and progressive farmer in another county, on being asked what he thought of the results accomplished by the bureau in his neighborhood, said it was costing pretty high for what the farmers were getting out of it. Yet he would not be willing to have the work given up.

The farmers have had an enormous lot of advice discharged at them for the past ten years. The agricultural colleges, farmers' institutes, railroad development services, agricultural papers United States and state bulletins are heaping up pamphlets and addresses. More or less of this advice is conflicting. At any rate the farmer must get confused with its multiplicity.

It is not an easy thing, even for the trained expert, to go on a farm that the owner has worked all his life, perhaps his father before him, too, and give a correct opinion off hand as to how the production of that land can be increased. In some cases the unscientific owner would know more than the scientific adviser.

Facts and figures of definite things done on certain land would probably go the furthest in convincing the farmer. When an agricultural adviser can show in black and white, backed by witnesses, that John Smith's farm yielded fifty per cent more corn because it followed the scientific plan of seed selection and fertilization, he has an argument at which no cross-roads parliament will sneer. That kind of thing is very much more effective than lectures and addresses, which the average man hears and forgets.

Dr. Jacobs, Santa Ana Painless Dentists, 102 1/2 East Fourth. Phone 253. Temporary address 111 1/2 East Fourth.

## DODGING JURY SERVICE

Active, industrious, successful men are apt to dislike jury service. Others of a more indolent type enjoy hanging around court rooms; they like the flattery from eloquent attorneys, and their ostension of brief authority. It is difficult to get representative juries.

In many states the dodging of jury duty has become a scandal. It was so called during the debate in the New York constitutional convention the other day. Yet a section that would have checked the evasion of jury duty was quickly put to sleep in that convention.

In some courts and states there is a tacit understanding by which practically all the leading business and professional men escape this function. Through friendship with some official, their name is always kept out of the panel.

Jury service should be rather pleasant, if one looked at it aright. The juror sees many interesting sides of human nature. The battle of wits and of legal principles has its dramatic elements. The debate arising over questions of human conduct must interest anyone with an alert mind and human sympathies.

The excuse is that it takes time away from business. This shows how poorly most business men prepare themselves for the exigencies of life. Every man should have his understudy, who could do his work in case of his illness, and who could carry it along while he is taking needed vacations. This would enable a man to perform his duty to his state in the way of jury service.

If every man well qualified for jury service would stop efforts at evasion, the turn at this necessary function of good citizenship would come around but rarely, would be short when it did come, and ought not to burden anyone.

## Oil News

## CALIFORNIA CORPORATIONS

**San Joaquin Light and Power Corp.**  
Report of the San Joaquin Light and Power Corp. for the month of July and the seven months of 1915 follow:  
July—  
Gross earnings \$148,632.13  
Expenses and taxes 54,259.57  
Net earnings \$94,372.56  
Seven months—  
Gross earnings \$1,785,736.85  
Expenses and taxes 583,157.92  
Net earnings \$1,202,578.93  
The report for July, 1915, of the Great Western Power Company shows a considerable gain in gross revenue over the same month last year. There was also an increase in expenses and interest charges, but the surplus account shows a gain of \$15,697.63 over the corresponding month last year. Following are the figures:  
Month of July— 1915. 1914.  
Gross earnings \$244,136.92 \$216,936.33  
Expenses 73,488.90 68,590.11

Balance of surplus \$69,240.29 \$53,542.66  
**General Petroleum Company**  
Statement of condition of the General Petroleum Company for six months ending June 30, 1915, shows a substantial gain has been made by the company. The Chronicle of San Francisco quotes Captain John Barnson, who is in San Francisco, as follows:  
"Due to the increase in price of light oil particularly, the net profit from sales of oil at the wells is materially decreased; the net profit for marketing sales increased. Returns from our marine department are incomplete and we have not included earnings from ships.  
"There is a special earning from dividend of the Trumble Refining Company due to sale of rights of the Trumble company, for which your company received a considerable dividend and which materially accounts for the profit shown in operations for the six months ending June 30, 1915. It is anticipated, however, that with the next six months earnings there will be

full returns from the operation of our ships, which will maintain the improvement noted over the last six months of the year.

The company's properties are in good condition physically; wells are in good shape and production is being fairly well maintained.

The six months' statement is as follows:

Earnings	\$439,638.29	\$854,696.89
Expense and taxes	137,497.73	146,956.80
Available for field charges	\$302,140.56	\$707,740.09

## PRETTY HOME WEDDING

### Popular Young Santa Ana Couple Plight Troth At Bride's Old Home

One of the prettiest weddings of the early autumn occurred last evening at the home of Mr. and Mrs. F. L. Andrews, of 701 East Fourth street, wedding bells chiming at the hour of 8, when their charming daughter, Miss Nina B. Andrews and Hugh J. Lowe were happily united at the hymeneal altar.

Dr. J. G. Kennedy of the United Presbyterian church performed the impressive ceremony which was witnessed by relatives and a few close friends, the home being artistically decorated with an effective combination of golden glow and ferns.

The lovely bride wore a gown of white charmeuse, veiled in tulle, with trimmings of real lace and her shower bouquet was fashioned of white rose buds and lilies of the valley. The only attendant was a sister of the bride, Miss Mary Andrews, who was gowned in yellow tulle with drapings of silk voile. She carried an arm bouquet of yellow rose buds and sprays of lacy maidenhair fern.

Preceding the ceremony, Miss Florence Hoover of Claremont, played an exquisite Norwegian wedding march, with Mendelssohn music during the congratulatory period.

A delicious wedding collation, in which the golden color motif was reproduced, was served after the guests had viewed the array of handsome wedding gifts which will add greatly to the comfort and attractiveness of the new home at 520 West Fifth street, which Mr. Lowe has furnished in complete readiness for his bride.

Miss Clara Willits was the lucky maiden who caught the bride's bouquet, which was thrown as the happy couple dashed through a shower of rice to start on their honeymoon trip to the north. Mrs. Lowe's going away costume was a dark green broadcloth tailored suit, with becoming accessories.

Mr. Lowe is the popular Exalted Ruler of the Elks Lodge and has been employed by the Huff Clothing Company for many years.

The young couple have a host of friends by whom they will be heartily welcomed on their return from their wedding trip.

Organize "Get Acquainted Circle" The Ladies' Aid Society of the First M. E. Church has been divided into circles for the purpose of getting better acquainted, the social meetings to be held once a month.

Yesterday the Northeast Section met at the church for organization, the following officers being elected:

President, Mrs. Dana Smith; vice president, Mrs. S. M. Davis; secretary and treasurer, Mrs. R. H. McArthur. Mrs. Davis invited the circle to hold its October meeting at her home, the date being the second Friday, October 8.

Physicians' Banquet The Orange County Medical Association held its monthly meeting at the Dragon balcony last evening, where the physicians enjoyed an excellent banquet before conducting their regular routine of business.

The feature of the evening was the instructive and interesting lecture on "Local Anesthesia" given by Dr. Gravitte McGowan of Los Angeles, one of the most prominent surgeons on the Pacific coast.

Dr. McGowan illustrated his splendid address with stereoscopic views and the entire company voted this to be an unusual treat.

Dr. McGowan's son and several other Los Angeles physicians were among the out of town guests.

Torosa Lodge Tonight Torosa Lodge will hold an open meeting tonight, to which all friends are cordially invited.

## CIVICS CLUB MEETS

### Members Suggest Plans to the City Council For Civic Improvement

The executive board of the Woman's Civics Club held its first meeting of the year in the rest room of the City Hall yesterday afternoon with a good attendance and a great interest was shown in the plans for the coming year.

As better lighting of the city was one of the "pet hobbies" of this club last year, all members present expressed their pleasure that ornamental lights are now an assured fact, and would suggest that the city erect substantial metal posts instead of cement ones.

It was also decided to ask the city council that a more legible sign be placed at the corner of First and Main streets, thus avoiding the confusion that is constantly taking place there. This executive board would also ask the supervisors that attractive signs be placed designating the boundary lines of Orange county on the state highways, and would suggest that these signs be dark green in color with an orange on top bearing this inscription: "Welcome to Orange County."

The energy of the Civics Club will be directed this year toward securing a public play ground for children and plans were completed yesterday for an open meeting to be held in the council chamber of the City Hall, Friday evening, October 1, for further discussion of this and other subjects.

## BAPTIST DOINGS

### Fidelis Class Enjoys Beach Party; Teachers' and Officers' Supper

The Fidelis class of the First Baptist church had a jolly supper last evening at Newport Beach, making the trip via automobiles.

The ladies had invited their husbands to share in the fun and with wieners, hot coffee and a variety of other good things to eat, the keen appetites, sharpened by the drive to the beach, were abundantly satisfied.

Mr. and Mrs. Archie Robinson who are sojourning at Newport were members of the merry party which included fifty people.

Monday evening the officers and teachers of the First Baptist Sunday school held their regular meeting at that church, Mr. L. L. Marchant presiding in the absence of the superintendent, Judge Z. B. West.

Mrs. Earl Elliott, in charge of the dinner committee, had supervised a treat of fried chicken with all the fixings and an abundance of ice cream and cake as the last course and her ability to prepare such an excellent menu for the small sum donated for the dinner fund, by each member, aroused much wonder and admiration.

During the evening plans were completed for Rally Day which will be celebrated the last Sunday in September. The annual promotions were discussed, teachers supplied to fill vacancies and other regular business matters transacted.

To Meet in Birch Park The Woman's Independent Study Club will hold its regular meeting in Birch Park tomorrow afternoon at 2:30 o'clock. The subject for discussion will be "Public Life," and a cordial invitation is extended to all ladies who are interested in social betterment.

Directors to Meet The Board of Directors of the Associated Charities will hold their regular monthly meeting Friday afternoon at 2:30 o'clock at room 434, Spurgeon Building. All members are urged to be present and hear the report of the Secretary, Mrs. C. S. Shaw.

## INTERESTING WEDDING

### Miss Mathilde Bartlett Weds Son of Former Tustin Presbyterian Minister

A wedding that occurred in Los Angeles last evening is of considerable interest here, where the family of the bride, Miss Mathilde Bartlett, is well known. Her father, W. S. Bartlett, was one of the organizers of the old Commercial Bank of Santa Ana and her mother was one of the founders of the Elwell Society of the Santa Ana valley.

Of the wedding, the Los Angeles Tribune this morning said: "Last evening at golden sunset the attractive gardens of the home of Mrs. W. S. Bartlett, 3200 West Adams street, were the scene of a most charming semi-rustic wedding, when Miss Mathilde Bartlett became the bride of James French, son of the Rev. and Mrs. Junius French, the former officiating at the pretty services. "The lovely grounds, emerald-carpeted and flower-studded, lent themselves artistically to the nuptials, which were solemnized on the broad terrace, a chancel of ferns, commingled with feathery golden rod and golden glow, glistening in the late gold of the setting sun.

"A pathway formed of white slender columns wound its way the length of the grounds, each pillar being twined with asparagus plumosus, while the gate was daintily in fragrant waxen Easter lilies tied with tulle. Before each column stood a great showery bouquet of golden and white blossoms, the same color effect being carried out in all the appointments of the ceremony.

"The bride was attired in a handsome robe cut en train, of white embroidered crepe, her veil, that worn by her mother, having been especially woven for her in Brussels over a quarter of a century ago, being held in place with a wreath of lilies of the valley, while white roses, ferns and lilies of the valley formed her shower bouquet.

Mrs. Lanier Bartlett was lovely in a white frock of silk veiled in chiffon and silver lace, a picture hat of white tulle completing the pretty costume. She carried a shower of yellow blossoms, maidenhair and tulle. Miss Marie McCoy, maid of honor, was garbed in a white thread silk net over satin and wore a short bridal veil of tulle, while the gowns of the Misses Alice and Frances Bartlett were of white net over silk, large white table hats being worn, and all carrying brilliant bouquets of yellow flowers and fern.

"Little Virginia Phillips and Sidney Lanier Bartlett acted as flower maiden and ring bearer, each wearing white with touches of yellow. Frederick Letten acted as best man, Nelson Douglas and Robert T. Smith being ushers, while Lanier Bartlett gave his sister away.

"Later a supper was served. The bride's table, set with a basket of maidenhair studded in tiny golden jaisies, soft yellow shaded lilies and dainty bridal favors, held the wedding party, a similar design being used with smaller tables, which seated the hundred guests.

"A hidden orchestra gave forth all sorts of lovely music, the bridal music being especially pleasing. The young couple left for the north, Mrs. French wearing a smart traveling frock of black and white silk with hat to match. On their return a month hence, it is planned to make their home with Mrs. Bartlett, a situation that will not be much much of a change for the bridegroom, as for the last four years he has made his home with his aunt and cousin, Mrs. Bartlett and the now Mrs. French."

Mrs. J. S. Rice, a friend of the family, who resides in Tustin, sang previous to the service, "I Promise You," composed especially for the event by Mrs. J. C. McCoskey. Mrs. Rice possesses a sweet soprano, and has been with the Bartletts at every festive event in their lives.

Among the old friends from Santa Ana and Tustin who attended the wedding last evening were Mr. and Mrs. James W. Rice, Mr. and Mrs. J. S. Rice, Mr. and Mrs. S. W. Nau, and Mr. Percy Rice of Tustin, and Miss Jane Murdy of Santa Ana.

The bride was born in Santa Ana and spent her early life here, while the bridegroom's father, Rev. Junius French was pastor of the Tustin Presbyterian church, twenty-five years ago.

For Complete Rest Miss Sara Rice, who has been staying at the Meyer apartments during her recent serious illness, has gone to Wilmington, where she will spend four or five weeks taking a complete rest to hasten her returning health.

She hopes to resume her position as ticket seller at Clune's Theater at the end of that time, and her friends heartily join in this wish.

Praises Cedar Lodge The McElree family returned last evening from Cedar Lodge, which is situated just above Forest Home, after a delightful outing and rest. Mrs. McElree is warm with her praises of Cedar Lodge and says that they were enjoying the snow, up in Snow Canyon, while Santa Anans were deploring the lack of it.

Entertainers Club Miss Faith Shaw recently entertained the club of which she is a member yesterday afternoon at her home on West Fifth street.

Fourteen young ladies were present and at the close of the informal hours cooling refreshments were served.

## JUDGE RESIGNS AT EVE OF NEW TERM

SALT LAKE CITY, Sept. 8.—The announcement that John A. Marshall, United States district judge for Utah, had filed his resignation with the Department of Justice at Washington yesterday, aroused great interest here as the action was unexpected even by officers and attaches of Judge Marshall's court. His departure from Salt Lake City last Saturday, without advising court attaches and employees, who expected him to open court yesterday morning, caused considerable speculation. The resignation was made, it was announced, in the interest of his health.

A good attendance is urged, as an election of officers will be held. All interested are cordially invited.

Dinner-Dance Mr. and Mrs. J. W. Tubbs entertained last evening with an informal little dinner party.

Pink carnations and maiden hair ferns were fashioned into an exquisite centerpiece, covers being laid for Mr. and Mrs. H. L. Hoefner, Mr. and Mrs. Joe Parsons, Mr. and Mrs. H. D. Hunt, Mr. and Mrs. H. D. Hunt, Mr. and Mrs. Taylor, of Chicago.

Dancing was the diversion of the after-dinner hours.

Entertainers Club Miss Faith Shaw recently entertained the club of which she is a member yesterday afternoon at her home on West Fifth street.

Fourteen young ladies were present and at the close of the informal hours cooling refreshments were served.

## COLLATERAL HEIRS CONTEST KEITH WILL

SAN FRANCISCO, Sept. 8.—A contest was commenced yesterday of the purported holographic will of the late John M. Keith, which was filed in the local courts a week ago by Dr. Sarah J. Tedford of Los Angeles. The contestants are the fifty or more collateral heirs, represented by Attorney John L. McNab, Gavin McNab and Nat Schmulowitz. They declared the will, which bequeaths the estate to Mrs. Louise K. Thomson, who claims to be Keith's long-lost daughter, was not written by Keith.

### FORMER TRUSTEE ESCAPES DEATH AS TRAIN HITS HIS AUTO

One of the narrowest escapes from death in an automobile-train accident occurred at the Southern Pacific crossing on North Main street when W. L. Grubb, former city trustee, who lives at the corner of North Main street and the Edgewood road, drove his automobile part way on to the tracks and was struck by a Southern Pacific train approaching from the north at about 10:15 o'clock this morning. Grubb's car was turned completely around, though it did not turn over. Grubb's shoulder was considerably wrenched. The machine was badly damaged.

Grubb was driving west on Santa Clara and turned north on Main. He approached the crossing slowly. He listened carefully for the warning signal near the tracks but was unable to hear it being slightly hard of hearing. He states that he is certain the train did not whistle as it approached the crossing.

The front end of Grubb's car was on the south rail when the train passed. The impact whirled the car completely about so that it was headed toward the south when it came to a stop.

The radiator of Grubb's car was torn off and one wheel was completely demolished. The train was stopped, the crew running back to render what assistance they could. Grubb did not think at the time that he was injured though upon his arrival at home he found that his shoulder was quite badly wrenched.

### POLICE OFFICER GOOD HAND AT PICKPISTOLING

Police Officer C. I. Pond is pretty good at picking a revolver. He was informed that there was a great big Mexican with a great big gun and a great big jag aboard an electric car coming in from Huntington Beach. Pond climbed on to the car, and saw a big Mexican dozing on a seat. Pond gently pried open the man's coat and saw the form of a revolver covered over with a handkerchief. The weapon was stuck in the man's belt. Pond grabbed the gun and stuck it in his pocket so quickly that when the startled Mexican jumped up awake he did not know what become of the gun for which he reached. The man gave him name as C. Cruz.

### FEATURE STORY FOR THIS DAY BY UNITED PRESS

WASHINGTON, Sept. 7.—In wine, it sometimes is said, there is truth. War is intoxicating, and, in the wine of war there is truth. The nations of Europe are drunk with war; their masks are off; you can see them as they really are. Just as a drunken man shows his inner self so do the war-drunk nations of Europe reveal, to the careful observer, their inner thoughts and motives.

The revelations of the war in Europe are not confined to the nations of Europe, but extend to the United States. A man who has been in Europe, knee deep in war, for the past year, and then returns to the United States, sees the land of the Stars and Stripes in a new light. I have discovered America.

The first discovery was in Europe. In all the truthfulness of their war intoxication, the Europeans showed me the United States as they saw it, and I was not ashamed, but proud.

"The United States is the conscience of the world," said a famous German college professor, now the German army censor at Munich. "The world has gone mad, but your land alone is cool and sane and we must look to you, at the finish of this war, to tell us what sanity is."

At the English front, after a day in the trenches, I sat beside a grate fire in a little hotel a few miles out of shell fire; I didn't want to go to bed, for fear of seeing again, in my sleep, some of the sights I had witnessed during the day. Perhaps the British officers who were sitting around felt the same.

Suddenly one of them spoke. "One of the greatest men this world ever saw," he said, "was Abraham Lincoln. I've read every word I could find about him, and my two little daughters and two little sons know everything about Abraham Lincoln that I do."

"Yes," spoke up another British officer. "Do you know, I've heard Lincoln mentioned ever so many times lately. Something in this war, it seems, appears to have turned attention to Lincoln, though I can't tell why, I've just read a book about him and I know ever so many people in London who've done the same. The newspapers keep quoting him all the time, too."

"It's because he was always for the underdog," said the first officer. "He was brave and patient and kind and honest. You know my children love that story about him and the sixpenny pieces he had in an old sock."

"What was that?" asked the third officer.

"Well, one time Lincoln kept a grocer's shop in a little village and the village postoffice was in a corner of his shop. He had charge of it. One day he failed in business; he'd tried to make a go of it for months, but down he went. All the citizens of the village thought he was ruined and some of the men, who were his good friends, feared that he had probably used the postoffice money in trying to save his shop. So they collected about forty pounds among themselves—you know everybody who knew Lincoln loved him—and took it to him. 'Here's forty pounds, Abe,' they said. 'We figured that you had lost the postoffice money, too, in the smash, and as soon as the sheriff comes around and finds it out you'll be in trouble.' 'Just wait a minute, boys,' said Lincoln. 'I'll run upstairs and get the postoffice bank and see how I stand.' 'Pretty soon he came downstairs, carrying an old sock, full of coins, sixpences and threepences and pennies and they were the very coins that he had been taking in at the postoffice window during all the hard months."

"Lincoln counted it all out and then he said: 'Thanks, awfully, boys, but I don't believe I need a cent of your money.'"

"That's the story about Lincoln that my children love the best," concluded the Britisher.

In London, some weeks later, at several book stores I discovered there had been a growing demand since the war began, for books on Lincoln.

State Railroad Commission  
Application of Midway Gas Company to renew notes amounting to \$10,458.30 with supply companies.

The Southern California Gas Company has filed with the commission an application for the fixing of rates for gas furnished by it to consumers in all its territory. The company serves portions of Los Angeles, San Bernardino and Riverside counties, including the cities and towns of San Fernando, Burbank, Glendale, Eagle Rock, Tropic, Beverly Hills, Sawtelle, Vernon, Compton, Redondo Beach, Long Beach, San Bernardino, Rialto, Colton and Riverside.

The company says it sells artificial gas only in San Bernardino and Riverside counties, and has gas manufacturing plants there. It sells natural gas in Glendale, and in Los Angeles has a plant for artificial gas, selling in various districts of Los Angeles county some natural gas unmix with artificial gas, but for the most part an equal mixture of natural and artificial gas of about 800 British thermal heat units. It says that it now has adequate facilities for serving natural gas and that it will be able to furnish a mixture of greater heat value than 800 B. T. U.

Therefore it asks the commission to adjust its charges for a gas of greater heat than now sold.

Oil reserves held in storage in Oklahoma and Kansas amount to about \$2,000,000 barrels, estimated to be worth \$50,000,000. Receipts coming into Oklahoma monthly through sale of crude oil are estimated at \$6,000,000.

### ALPHABET CONTEST RESULTS; WINNERS ARE NAMED

\*\*\*\*\*  
\* The Incorrectly Spelled Words \*  
\* The misspelled words in last Friday's Alphabet Advertising Contest were improvement, mis-spelled "improvement," in J. W. Dean's advertisement, and vulcanizing, misspelled "vulcanizing," in Robert Gerwing's advertisement.  
\* The Winners \*  
\* The winners of the two cash prizes were, Vera Thompson, 501 East Pine street, and John Trotter of Tustin.  
\*\*\*\*\*

The usual large number of answers were received this week to the Alphabet Advertising Contest, No. 4, which appeared in last Friday's paper and there was about the same percentage of correct answers as on the previous week.

A few still insisted that distributor should be spelled distributor and some half dozen turned in the word unequalled, spelled with two l's, but fully 90 per cent of the answers were correct, which proves that the advertisements are being very carefully read.

All the correct answers were sorted out today and Dr. John W. Hancock, the optometrist, kindly consented to draw the two coupons that determined the winners of the two cash awards. The winners, Vera Thompson, 501 East Pine street, and John Trotter of Tustin, will each be mailed a check for \$1.00.

The Alphabet Advertising Contest will be printed again in next Friday's Register.

## ENTHUSIASM FOR COUNTY FAIR IS GAINING ALL THE TIME

### FACTS ABOUT THE FAIR

Date—October 12 to 16, inclusive.  
 Where—Products exhibits at the Santa Ana race track. Foley & Burke Carnival Shows on vacant lots between Third and Second streets and facing on Bush street. Second Annual Orange County Auto Show on vacant lots south of the court house.  
 Organizers—Dr. H. J. Stevens, C. D. Hayes.  
 Prizes—\$4000 for products exhibits from all parts of Orange county and for purses for trotting races.  
 Premium Lists—To be published within a week.  
 Admission to Fair Grounds—Fifty cents. Season tickets, sold in advance of opening, \$1.25.  
 Expenses—Will be paid out of gate receipts and concessions.

That Orange county will have a county fair this fall is assured.

Enough money has been subscribed to make it certain for the promoters to announce that they will be able to avail themselves of the offer of the Board of Supervisors, namely, that if \$4000 be raised in subscriptions, the board would make an appropriation of \$1000. The promoters will also have the advantage of the offer of the Santa Ana bankers, that if \$3500 is raised the bankers will give \$500.

"Everywhere that we have gone in the county we have met with the heartiest support for the project," said Dr. H. J. Stevens, one of the promoters, today.

### Enthusiasm

"Nearly everyone we meet and talk to about the fair expresses surprise that the movement to hold a fair was not started long ago.

"The encouragement and support we are receiving from the business men of Santa Ana has been nothing short of wonderful," Dr. Stevens continued. "To quote only one instance among hundreds: S. W. Todd, local manager of the Southern Counties Gas Company, has subscribed \$25 in cash and will also give a cup for any prize in any class for the horse show we will hold at the fair grounds. Todd has also offered his services as judge, he having acted in this capacity at a number of the horse shows held at Madison Square Garden."

### Fair Being Popularized

The fair is being popularized throughout Orange county by reason of the fact that the subscriptions are practically all small. The idea of the promoters is to get many small amounts from many people rather than get but a few large subscriptions from a limited number. On account of the great number of people met by the promoters the fair movement has aroused enthusiasm to a high pitch everywhere.

The lots located between Third and Second streets and bounded on the west of Bush street have already been leased for Foley & Burke, the carnival showmen. The attractions staged by this amusement firm have a splendid reputation and are certain to attract hundreds of people during fair week.

### THREE KILLED WHEN TRUCK STRIKES TRAIN

VALLEJO, Sept. 7.—Three persons were killed and three injured here yesterday when a delivery automobile in which they were riding, driven by John Lyons, a Vallejo grocer, crashed into a Southern Pacific train. The delivery wagon had stopped to let the train go by, but before the train had passed the brakes on the automobile let go and the wagon rolled into the train.

John Lyons, Gertrude Meagher, aged 15, and Margaret Hanley, 15, all of Vallejo, were killed and Irene Lueaman, Patrick Brown and his daughter, Rose, were injured.

## Grape Juice Tabooed as Diplomatic Drink

Grape juice, the Nebraska drink, has been abolished from American diplomacy. Mrs. Robert Lansing, wife of Secretary of State Lansing, who was hostess at the formal dinner to Dr. Cardozo, minister from Brazil to Mexico, at her Washington home the other night, placed wine on her table.

"Wine will be served at all diplomatic banquets where the secretary of state is host," said she, when she was asked about this change in diplomatic drink. "Mr. Lansing and I are not extremists in the advocacy of temperance."

The grape juice, which Secretary Bryan made a part of diplo-

matic etiquette when he became secretary of state more than two years ago, has seen its last. Mrs. Lansing will permit any diplomat to drink if he chooses, but she will not force it on him.

Mrs. Lansing is the daughter of John W. Foster, the first among American diplomats and secretary of state in the cabinet of President Harrison. She has lived in Washington all her life, where she was brought up in diplomatic society. Not only is she one of the most popular women of society in Washington, but she is the handsomest matron it contains.

## POLICE FORCE OF THREE CITIES ARREST

OAKLAND, Sept. 8.—Police of Oakland, Berkeley and Maryville pounced in unison upon Joe Metzler and arrested him on a charge of stealing peaches. "Caught with the goods," they cried, looking at the peaches which Joe carried. Then they took to arguing among themselves as to which police force was really entitled to the credit and glory for the arrest. When they got through the last peach was disappearing down Joe's throat and the band played "Annie Laurie."

SAN FRANCISCO, Sept. 8.—A man is as old as his soul. Dr. Jas. Peebles and Dr. Bewo Newb Newb thus explained how they came to be 95 and 85 years young, at the New Thought Science World Congress in the civic auditorium. Dr. Newb, head of the New Thought science movement, says the teachings of his society make it possible for every man to be his own "fountain of youth." Dr. Newb, although 85, appears to be under sixty. "Man needs not age," he explained. "You see each of us has immortality with us if we but know how to preserve it."

## ARE DRIVEN OUT BY FIRE THAT SWEEPED OVER THE CAMP

Close pressed by flames of a forest fire, Gus Ward and Pres Stroud and their families of Bolsa had a narrow escape Monday near Salome Springs in the San Bernardino mountains. They hastily loaded their camping outfit into an automobile and went down the canyon on the high. The fire burned over the spot where they had been camping.

Ward and Stroud were hunting for deer. Mrs. Ward and Mrs. Stroud were in camp when they first noticed smoke coming over the ridge. Seeing that the fire was coming toward camp, Mrs. Ward went back on the mountainside and found the hunters. Immediately the men rushed back to camp with Mrs. Ward. There was no time to spare, for the flames were rapidly eating their way down the side of the ridge toward them. A few minutes delay would mean that they would be cut off from escape down the canyon.

An automobile was never loaded any quicker with camp outfit than was the one at the Ward-Stroud camp. The three children, two women and two men piled in and away they went through the gathering smoke and heat.

They soon reached Alex. Jeffrey's ranch, where the men joined Jeffrey and a number of others in putting up a successful fight to keep the fire from sweeping over Jeffrey's buildings and hay. While Jeffrey loses a good deal of pasture feed this year, the pasture will be all the better next year for having been burned over this year.

Ward believes that the fire was started by someone throwing a live cigar stub into the grass beside the county boulevard.

Ward has bought a ranch about five miles from Jeffrey's ranch, and with his family will move there next Saturday. He will raise beans. His address will be Van Nuys. The Ward family are well known at Bolsa, where their departure will be a matter of regret.

## CAME HERE BY WAGON IN THE FALL OF 1876

Robert S. Morse, who died last Saturday, was a Civil War veteran and a Santa Ana pioneer. He was born in Claremont county, Ohio, on March 29, 1841. He enrolled in Company E, Fifth Regiment, in 1861 and was discharged in February, 1861, on account of ill health.

In 1875 he came to this state from Washington Territory in a wagon train of twelve wagons with six families in all. Four months were spent on the road. They stopped in San Luis Obispo one year and continued the journey in wagons to Santa Ana in the fall of 1876. Mr. and Mrs. Joseph Buckingham and parents, now deceased, were in the party.

These travelers from the north had to make peace with Indians at some places, and in other places they had to back track and circle around hostile tribes.

Mr. Morse bought property on West Fifth street and built his home there in 1880, and there he lived until he passed away. He was a retired contractor and builder. Death was due to heart disease. All of the children except one daughter who lives in Illinois were at home. The children are: Thomas O. Morse of Berkeley, Mrs. W. P. Hapthrop of Witt, Ill.; Mrs. C. H. Thompson of Escondido, Mrs. F. C. Wilson of San Jacinto, Mrs. L. J. Stambaugh of Long Beach, Miss Carrie Morse of Santa Ana, C. W. Morse of Long Beach, Mrs. R. C. Ely of Los Angeles.

He leaves seven grandsons and seven granddaughters. The following was written by Dr. Rowan: "On Saturday last, September 4, 1915, passed away the spirit of Robert Morse, at his residence in this city."

"Mr. Morse was a man worth knowing. His social and moral standing was appreciated by his neighbors and all who knew him. He was sympathetic and was always in the van, when his friends or relatives were in trouble. He was a popular favorite with all classes of people—a lover of children."

"He has joined that memorable caravan that forever moves on toward the Unknown Land. Beneath that coverlet lies the remains of our best friend. We knew him in life. He was broad, liberal and charitable. He was a model husband and a kind neighbor. We tender our condolences to his bereaved wife and children."

## FULLERTON TROUNCED AT SAN DIEGO, 7-2

SAN DIEGO, Sept. 7.—Fullerton's baseball representatives were defeated by the San Diego Bee Gees in the final game of the holiday series yesterday at the Stadium by a score of 7 to 2. The visitors played a loose game of ball, making a total of five errors. Pitcher Wood of the Fullerton team was touched up for eight hits, three of which were for extra bases. Powell, on the slab for San Diego, pitched a good game, holding the visitors to five hits. The score:

### ADVENTISTS GIVE JEWELRY FOR MISSIONS

HUNTINGTON BEACH, Sept. 7.—Gold rings, chains, brooches and watches were given for missions during the annual camp-meeting of the Seventh-day Adventists of Southeastern California, which closed here Sunday night. Not less than \$4400 in cash and pledges also was contributed, part of this being for foreign missions and part for educational work on the Pacific Coast.

The amount subscribed and contributed to the educational fund of \$150,000, which is being raised in the states of California, Arizona, Nevada and Utah was \$1736.26. To date \$129,795 has been raised on this fund, \$13,726 of this being in the Southeastern California Conference. It is expected to raise the entire amount before December 31. Pacific Union College, an Adventist institution at St. Helena, Cal., San Fernando Academy and Lodi Academy will benefit from this fund. During the last day of the encampment \$2059.61 was raised in cash and pledges at one meeting for mission work in China. At the Sunday night service, the last of the encampment, Pastor E. E. Andross, of Glendale, president of the Pacific Union Conference, spoke on "Turkey and the War. What the Bible Says About Them."

Evangelist Luther Warren spoke in the afternoon on "The Judgment." "God has pronounced wrath upon this

### PROMINENT WOMEN ENDORSE OUR STATEMENTS.

Del Rey, Cal.—"I am thankful for the opportunity to send a testimonial I had been bothered for six years with nervousness, a catarrhal condition which only women are subject to and irregularity. Tried several medicines but all failed. I was advised by my friends to give Dr. Pierce's medicines a trial. Have taken four bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery' and I cannot say enough in regard to the benefit received."

"Will take pleasure in recommending your medicines to all weak and suffering women everywhere I go."—Mrs. CARLIE L. HOGG.

The mighty restorative power of Doctor Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotic to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

Get it now! All druggists.

world, and is about to make an end of sin," he declared. "Better surrender your sin to him now rather than perish with it."

Twelve thousand loaves of bread, 7000 pounds of butter, six tons of potatoes, eight tons of watermelons, 2000 pies, 40 gallons of salad oil, 3000 pounds of tomatoes, 25 boxes of apples and 250 pounds of rice have been required to feed the throng of campers in the tent city during the ten days. The cafeteria has been crowded to capacity daily, thirty employees having been kept busy preparing and serving food. Among these were a chef and two second cooks. No flesh food whatever was served upon the grounds during the encampment, as the Adventists almost without exception do not use meat. Their chief reason for this is that flesh food is diseased and therefore dangerous to use as food.

Years ago, in the early days of the organization, the Adventists gave up the use of swine's flesh and shell fish, basing their action upon Leviticus 11, and upon the unwholesome nature of these things as articles of diet. Later, however, they have almost universally given up the use of any flesh whatever, although this is not a test of fellowship in the church. The Adventists do not fellowship, however, those who use either liquor, tobacco or habit-forming drugs.

### NEWS BRIEFS FROM HUNTINGTON BEACH

HUNTINGTON BEACH, Sept. 7.—The Huntington Beach Co. reports a good crop of beans this year. The company has 300 acres in beans, about 500 of which is in Blackeyes and the rest in bush limas. The former are cut and piled while the latter are not quite ready to harvest as yet, although it is expected that in a few days, probably the latter part of the week the work of cutting and piling them will begin. These damp mornings have not been favorable to the curing of the beans but no serious damage has been done as yet.

John Heaston, who owns a tract of land in the Garfield street addition, near the Holly sugar factory, has a fine field of Lady Washington beans again this year. This is the third season that he has cultivated this variety of beans successfully and he believes that the mesa land here is better adapted to its culture than to that of the lima.

The Loyal Daughters of the Christian Sunday school enjoyed a watermelon and bathing party on the beach Tuesday afternoon, sponsored by the class teacher, Mrs. Will Gallienne, and Miss Gladys Bolton. Those present were Misses Sarah Colby, Marie Wardman, Anna Scott, Rachel Irwin, Mildred and Pauline Manning.

Mr. and Mrs. J. J. Bushard of Hermosillo, Mexico, who have been the guests of Mrs. Mary Bushard, have gone back to their home in Mexico notwithstanding the disturbed conditions. Mrs. Bushard has also been the hostess to Miss Dora Mellette, Miss Verna Wilson and Mrs. M. A. Brown of Los Angeles.

Dr. and Mrs. A. T. Rasmussen of La Crosse, Wisconsin, have been recent guests at the home of M. A. Turner. The visitors have now gone on to San Francisco where Dr. Rasmussen read a paper before the Panama-Pacific Dental Congress.

Miss Lucile Ehle of Los Angeles has been the guest of Miss Sarah Miriam Paine during the week. She returned Saturday to her home, accompanied by her grandmother, Mrs. M. A. Eaton. Rev. Hughes of Pasadena, father of Dr. Matt Hughes, has returned to his home after an outing of two months here. While here he occupied one of the cottages belonging to Rev. T. S. Urenn across the street from the camp grounds.

Eber Collins of Hopkins, Missouri, has been the guest of J. A. Flaws and family. He and Mr. Flaws left Sunday for San Diego by auto.

Mr. and Mrs. H. A. Gallienne have moved into their new home on Eighth

street near Palm avenue.

Three of the city trustees of Huntington Beach were born in the same year, and all are now 53 years old, answering the first roll call in 1863. The three are E. E. French, president of the board, M. E. Helme and W. E. Tarbox.

to its readers, who will ever be grateful for the opportunity offered by this grand educational distribution.

In addition to the 600 beautiful text illustrations are full page plates of the famous Tisot pictures in handsome colors. As Edward K. Bok, editor of the Ladies' Home Journal, says: "This Bible is not a meaningless picture book. The illustrations serve a distinct purpose. They enrich the text, but they do more—they intelligently EXPLAIN it, so that many a hitherto obscure passage assumes to thousands a new meaning through these eye-teaching pictures."

You will enjoy this Bible, whether you belong to the church or not, for its "eye-teaching" pictures make it of rare educational value to all.

Today's Bible Certificate will be found on another page.

This is what Abraham Lincoln said: "No library is complete without two certain books—the Bible and Shakespeare; hardly a quotation is used in literature that is not taken from one of these books."

## WOMAN INJURED IN CRASH AT ANAHEIM

Anaheim Herald: Mrs. S. Murata lies at the sanitarium suffering a great deal of pain from injuries received in an accident at the junction of Lincoln avenue and the Garden Grove road on Sunday morning when the auto, driven by her husband, was rammed by the big touring car of City Trustee John Cook.

The big white car of Trustee Cook hit the rear end of the other machine and smashed the two rear wheels. It toppled over and the occupants, S. Murata, Mrs. Murata and two Japanese men, were thrown to the ground. The men were shaken up but not seriously injured. Mrs. Murata was badly shaken up and sustained a broken pelvis which has been giving her a great deal of pain since that time. She was hurried to the Sanitarium in an unconscious condition but later recovered consciousness.

In the Cook car with Mr. Cook were his wife, Mrs. Rotham and child and F. Pressel, blacksmith, West Center street. They were on their way to Santa Monica and were traveling at a moderate speed when the accident occurred. Mrs. Cook was thrown to one side of the car and is suffering today from a sprained side. The Cook car was damaged in the front end. A spring was broken, fenders were bent in all shapes, radiator stove in, lamps broken and the front end of the frame was bent to one side.

From accounts of those who were present no one is blamed for the accident. Better precautions taken by both drivers at this dangerous corner would have prevented the accident but in this case one driver was as much to blame as was the other. The big white car is in the P. J. Weisel garage undergoing repair and the Murata machine is in the Anaheim Garage for the same purpose.

## GOVERNOR JOHNSON ON MR. TAFT AND CALIFORNIA LEGISLATION

Abstract of Governor Johnson's Notable Speech at Los Angeles' Labor Day Celebration Monday. (Continued from yesterday's Register.)

Of course, in our state and in our nation, there will always be those who will sneer and jeer at every step of progress, who set their faces passionately still against every movement whose direct object is the elevation of the great, or the near-great, of our nation has deemed it his duty, or expedient, as you may prefer, to express without circumlocution his views of our social and political progress; and inasmuch as these views touch you and me, and, beyond that, the state of California, there could be no more fitting day on which to refer to them than this day consecrated to humanity.

Recently ex-President Taft has been in constant volcanic verbal eruption in the northern part of the state. At the commercial clubs, bar associations, small gatherings and large, and even at the University of California itself, he has expressed his disapproval of reforms and reformers, and particularly at what has transpired in the state of California. This might not interest you or be wholly pertinent to the occasion were it not that in his gibes and his sneers he joins us all together; and without distinction as to the particular things that you have favored and that our state has endeavored to accomplish governmentally, he insists that all alike are fleeing and evanescent, the mere nostrums of the day, presumably originated by the labor people and the worst politicians.

Mr. Taft Disapproves  
Mr. Taft beams and smiles and thrusts and thrusts and leaves no room to doubt his disapproval of the meas-

ures that have been adopted in California of recent years, and of his disesteem of those who have adopted them. And perhaps it would be much more surprising if those who have done the work here had won Mr. Taft's esteem and if the work enjoyed his approval.

Thus far in the various bodies that he has addressed, which embrace every conceivable sort of assemblage, and every possible occasion of utterance, there has been no individual to question or deny or even to answer the distinguished gentleman; and while I am sure that none of us would wish to say aught discourteous of any guest of the state, and none of us would be guilty of any breach of propriety as host, still there are rules for the guest as well as for the host, and a proper respect for our own communities, a decent regard for the dignity of our state, would demand at least a word of protest.

In righteous indignation Mr. Taft exclaims: "We might just as well shut out of business and turn the government over to Samuel Gompers if we continue to heed labor leaders' demands for pernicious legislation." The effluence of this remark, the meteoric splendor of the intellect from which it emanates, its significance as a cryptic utterance of superlative wisdom, will at once be apparent to the least discerning. Without lexicon, or mental microscope, we observe immediately that somebody, at some time, should go out of some sort of business, under some circumstances, and that the government should be turned over to Samuel Gompers, if labor leaders' demands for some sort of undescribed pernicious legislation shall continue.

From the standpoint of our distinguished visitor it is unnecessary, apparently, to discuss the kind of legislation to which he refers, and, presumably, any legislation which may emanate from labor is pernicious in character. How long we have continued to heed this devastating pernicious influence we are unable to say, but it surely could not have been prior to March 4, 1913, and the awfulness of the event which is to put us out of business must have been manifested at a date prior or subsequent to Mr. Taft's occupancy of the presidency.

How unfortunate that the evil against which we must guard, that perilously approaches putting us all out of business, could not have been more definitely indicated; and may we in all humility beg the distinguished gentleman, before his departure from the state, to supply the omission.

And while with restless impatience we await that momentous time, may we suggest that here in California we have learned that legislation should be judged, not by its author, nor by whence it emanates, nor by the class that apparently presents it, but that it should be judged solely by the test of its justice. If this test were to be

## PUT THE TABOO ON HEAVY FOODS

Soggy, Sticky, Solid Foods  
Cause of Much Ill Health

Your muscular and nerve force, your vitality, YOUR HEALTH, and the health of your family depends upon the quality and kind of food eaten. Now the question arises, what is the most nourishing and healthful staple article of diet? Certainly not heavy, indigestible foods which tend to irritate and overtax your digestive system. They might sustain life, but they will not promote health. What is the perfect muscle and nerve builder?

The answer is, whole wheat. Body and brain—muscle and nerve need the whole of the grain. Whole wheat is Nature's perfect food for man, and should not be tampered with. To do so is to invite indigestion, constipation, nervous ailments and other forms of bodily disorders.

There is a prepared food called "FORCE" that is made of whole wheat, scientifically cooked and blended with barley malt; then rolled, toasted and flaked; that contains all the elements required to sustain the human body. Delicious and easily digested. Get it at your grocer's.—Advertisement.

applied to the legislation so indefinitely and mysteriously designated, some of the fear might vanish and we might even continue in business.

### Mere Empty Words

Mr. Taft says we have an excess of reform and that the leaders of the great reform movement have built up a political machine, that the State Railroad Commissions frighten away new capital, that we must not gag the originality, genius and enterprise of American business men, and that we have done this by corporate control. With a can superiority he points out our faults and the wrongs we have committed in most general terms. But his benevolence in behalf of California goes no further than generally to denounce us, and the denunciation rests in the complacency and assumed superiority of our critic.

We gather from his luminous utterances, from his "neat and opprobrious" words, that Railroad Commissions selected by railroad companies may be a most excellent part of a governmental system; but that railroad commissions selected by the people themselves and doing what they were designed to do have a most distressing effect. The outrageous conduct of a Railroad Commission like that of the state of California, which would require transportation companies within our borders to act justly and to charge fairly, earns a merited condemnation from Mr. Taft, and he radiates his dissent. The audacity of a state and its people in insisting that railroad companies should be treated exactly like other interests, and even like individuals, fills Mr. Taft with such righteous indignation that the scribes who reported his utterances describe him with tremendous emphasis, pounding the table where he stood in denunciation of this crime of a people and of a state. And though the statistics of our commonwealth are quite the contrary, he still insists that our railroad regulation drives from us legitimate investments.

And if Mr. Taft, with the vigor of his righteous wrath, speaks thus of railroad commissions, what would he say of a Blue Sky Law which, adopted by the people themselves at the polls, keeps the kindred sort of capital for which Mr. Taft pleads from the state? A beighted people, wearied of exploitation, have demanded that no longer shall the unwary and the gullible be plucked by means of the stocks and bonds of the fanciful and imaginative. And the infamy of such a law that interferes so malevolently with the vested, sacred rights of Mr. Taft's kind of business is so patent that to it could be applied the most opprobrious epithet in the vocabulary of Mr. Taft—it is a reform. The utterances of Mr. Taft concerning reform read quite like an editorial of the Los Angeles "Times," and we can see great minds running in the same channel and using substantially the same language.

### Thanks For Small Favors

We appreciate the benevolence and generosity that prompted our distinguished visitor, before the Bar Association of the state of California and before our young men at the university of our state, when he told them that we had here a national laboratory for testing all new governmental innovations and remedies, and that he believed in doing this we would pay the bill for the entire nation, and then, when we had rejected nine-tenths or ninety-nine hundredths of our measures, perhaps the slower and less altruistic people of the east might follow us as to the unrejected modicum. It is something, after all, for California to have gained one-tenth or one-hundredth of the commendation and admiration of ex-President William Howard Taft. The possibility that the indefinite east, known well by Mr. Taft, may ultimately adopt this proportion of the legislation that we have carried into effect and thus bring enduring fame to an abyssal people lost in ignorance, will be our comfort and our solace in the days to come.

The hardihood of Californians, their obstinacy and egotism, which have permitted them to enter upon a social program and a near approach to democracy without the consent of Mr. Taft and the distinguished gentlemen who have surrounded him, passes belief. Prayerfully, reverently, we beg of him to point to the one-tenth or one-hundredth of what we have done that he approves, that we may, without further delay, destroy the nine-tenths or the ninety-nine hundredths. Breathlessly an anxious state awaits a further exposition of the distinguished gentleman's views.

Mr. Taft finally insists that non-partisanship in the state will destroy democracy. From such a champion of democracy as Mr. Taft, this fulmination overwhelms us as with an awful blight. Those few in California who have acted in the past with the distinguished gentleman have adopted the very weapons of democracy that we have placed in their hands to suspend the operation of non-partisanship in our state; and all of them, while decrying the initiative and the referendum and recall, have seized with avidity the very means of the referendum to present to the people of the state the question of election of a few state officers in non-partisan fashion, not the question of the destruction in any degree of national political parties. What a marvelous spectacle! All of these gentlemen, prate of representative government! With sibilant and loathing they view the initiative and referendum; under no circumstances could they tolerate such nostrums and shotgun measures; and yet when their representatives in the Legislature adopt a non-partisan law the nostrum and shotgun referendum is seized with eagerness and representative government is forgotten by them.

We congratulate these gentlemen upon their conversion; and though our democracy may be at variance with that of Mr. Taft, we may finally say to him that even his own in the state of California have come to recognize that which they most abused and he most detests, the initiative and referendum, have splendid uses and undoubted virtues.

Mr. Taft, in his sneers at the accomplishment of the state of California, represents conservatism just as it has been known for centuries. The words of Mr. Emerson are as true today as when long ago he penned them: "The two parties which divide the state, the party of Conservatism and that of Innovation, are very old, and have disputed the possession of the world ever since it was made. The battle of patrician and plebeian, of parent state and colony, of old usage and accommodation, to new facts, of the rich and the poor, reappears in all countries and times. On rolls the whole world meantime, and

## FIND BEET CROP RATHER SHORT

TALBERT, Sept. 8.—The rush in the beet harvest is about over now. The crop has been a little short this year and the test is much below the average.

The bean crop is not turning out so well either. However, it is better than was expected a few weeks ago. Stephen Griset is threshing the beans for S. E. Talbert on the Paularino ranch this week.

Will Howardson and family from Imperial Valley have been spending the week at the Talbert ranch. Mr. Howardson lived here until a few years ago and since then he has been making his home in Imperial. He left Sunday to return to his work.

Geo. Taylor, who has been working on the Nimmo ranch for the past three years, left this week for other parts. George was a faithful servant who was considered straight and honest by all who knew him. Those who know him best claim that he has saved up a good sum of money to spend in his old age.

Last Sunday there was a family reunion at the home of F. P. Walker. Those in attendance were F. C. Planchon and family, Chas. Griset and family from Old Newport and D. W. Irvine and family from Tropic.

Joe Parsons and wife returned last week from a few days' trip to Bear Valley, where they had a very pleasant trip.

Jay McCuiston, with his wife and mother, Mrs. Rudder, returned last Sunday from a ten days' trip to the exposition at San Francisco.

Robert Wardlow and family, with A. F. Swift and family, spent last Sunday at Huntington Beach.

S. E. Talbert has made a contract with Harry Lewis of Garden Grove to mow five hundred acres in Paris Valley.

Mrs. J. Haskins of Monett, Mo., spent Wednesday at the home of F. C. Planchon.
